

(1) Remove old "In Progress" batch downloads - Solution: File will be removed after 48 hrs regardless of status

[Refresh](#)

Status	File Name	Requested Date	Completed Date	
In-Progress		May 07, 2013 12:00 AM		Download

(2) Change Document Name - Solution: Will read Record Brief instead of DA 2-1.

Click on 'Download This Soldier's Certified Record Brief'

The screenshot shows the 'Record Brief Soldier - NG' web application. The main content area is titled 'ORB Details' and shows a list of download options for a soldier's record. A black arrow points to the link 'Download This Soldier's Certified Record Brief with iPERMS.xml file'.

(2a) After clicking on 'Download This Soldier's Certified Record Brief' an iPERMS .xml file shows:

```

- <PERMSBatchExport>
- <Batch Name="PI-DA21_20130501091657" CreationUserId=" " CreationSiteName="RecordBrief-ARNG">
  <BatchFields />
  - <Documents>
  - <Document>
    - <Pages>
      <Page ImportFileName="IPERMSSelectionBoard21_003580681.TIF" />
    </Pages>
    - <IndexFields>
      <IndexField Name="Soldier Name" Value="I " />
      <IndexField Name="Soldier SSN" Value=" " />
      <IndexField Name="Effective Date" Value="20130501" />
      <IndexField Name="Document Name" Value="DA 2-1" />
    </IndexFields>
  </Document>
  </Documents>
  </Batch>
</PERMSBatchExport>
  
```

User states this should say ERB

```

- <PERMSBatchExport>

(3) **Incorrect Civilian Education Level** – make ‘Level Completed’ a manual correction that can override what is in the DW. Save the manual entry. **Solution: check box similar to Military Education**

Institution	Discipline	Level	Year
AMERICAN MILITARY UNIVERSITY	HOMELAND SECURITY C	Masters degree	2013
UNIVERSITY OF LOUISVILLE	ADMIN OF JUSTICE	BS	2005
DUPONT MANUAL HIGH SCHOOL	GENERAL	L	1992

(4) **Typo on the Officer Record Brief (ORB) PDF template.** Defense Language Aptitude Test (DLAT) below should read Defense Language Aptitude Battery (DLAB). Enlisted Record Brief (ERB) already shows DLAB. Also verify the data is being pulled from the correct table because nothing shows on the ORB. **Solution: Mapped to correct location, will read DLAB on ORB's**
