Department of the Army (DA) Boards Process: To create and convene a Department of the Army Board

Point of Contact

Division: Personnel Division (ARNG-HRP)

Description

The DA Boards Process describes the steps involved with creating and convening a Board from the Officer's point of view. The process starts when HRP Boards Section selects Officers that will go before the Board. Once Human Resource Command (HRC) publishes the list on Guard Knowledge Online (GKO), the Officer becomes involved ensuring that his records are correct. If there are any problems, HRP Boards Section is responsible for correcting the file. Once the file is approved by the Officer, the Board/Panel meets and the results are sent to the appropriate approving agencies. HRP Boards Section sends the results to the States, and the Officer receives the results via the State OPM or the DA Board Results page on the HRC website.

Systems

[2X Citizen](#)

2X Citizen is the U.S. Army Reserve Personnel Command's (AR-PERSCOM) web site. It was designed to provide a centralized source of Army Reserve career information for reservists, veterans, and family members. The site contains an internal search engine, the ability to download forms and templates, and important contacts for Soldiers.

Army Selection Board System (ASBS)

ASBS is a system that helps to automate the Board Volunteer Selection Process. It eliminates the need to hard-copy promotion board files on soldiers. It automates the official military personnel file, photo, and ORB/ERB as an electronic file to the voting members of the Board.

Department of the Army Boards System (DBS)

The DA Boards System is a Guard specific program that pulls data from SIDPERS, TAPDB, and FEDREC and is used as a management tool for keeping the Mandatory DA Boards section up to date on actions taken on officers going before the board.

Department of the Army Photograph Management Information System (DAPMIS)

DAPMIS is designed to maintain current DA official photographs for promotion. Photos are uploaded to DAPMIS only by authorized users of the account. Soldiers can review the photo taken online via AKO within 3 days of the photo being taken.

[Guard Knowledge Online \(GKO\)](#)

Guard Knowledge Online (GKO) is a Web portal that provides support functionality to the National Guard community. The primary role of GKO is a knowledge management tool for information sharing through the entire Army National Guard community, including document, file, and image libraries. The site provides check-in / check-out version control, change notification, and announcement posting. The GKO calendar can integrate with Microsoft Outlook to manage and track tasks and meetings. In addition, GKO allows for audience specific threaded discussion pages and easy survey creation.

[Interactive Personnel Electronic Records Management System \(iPERMS\)](#)

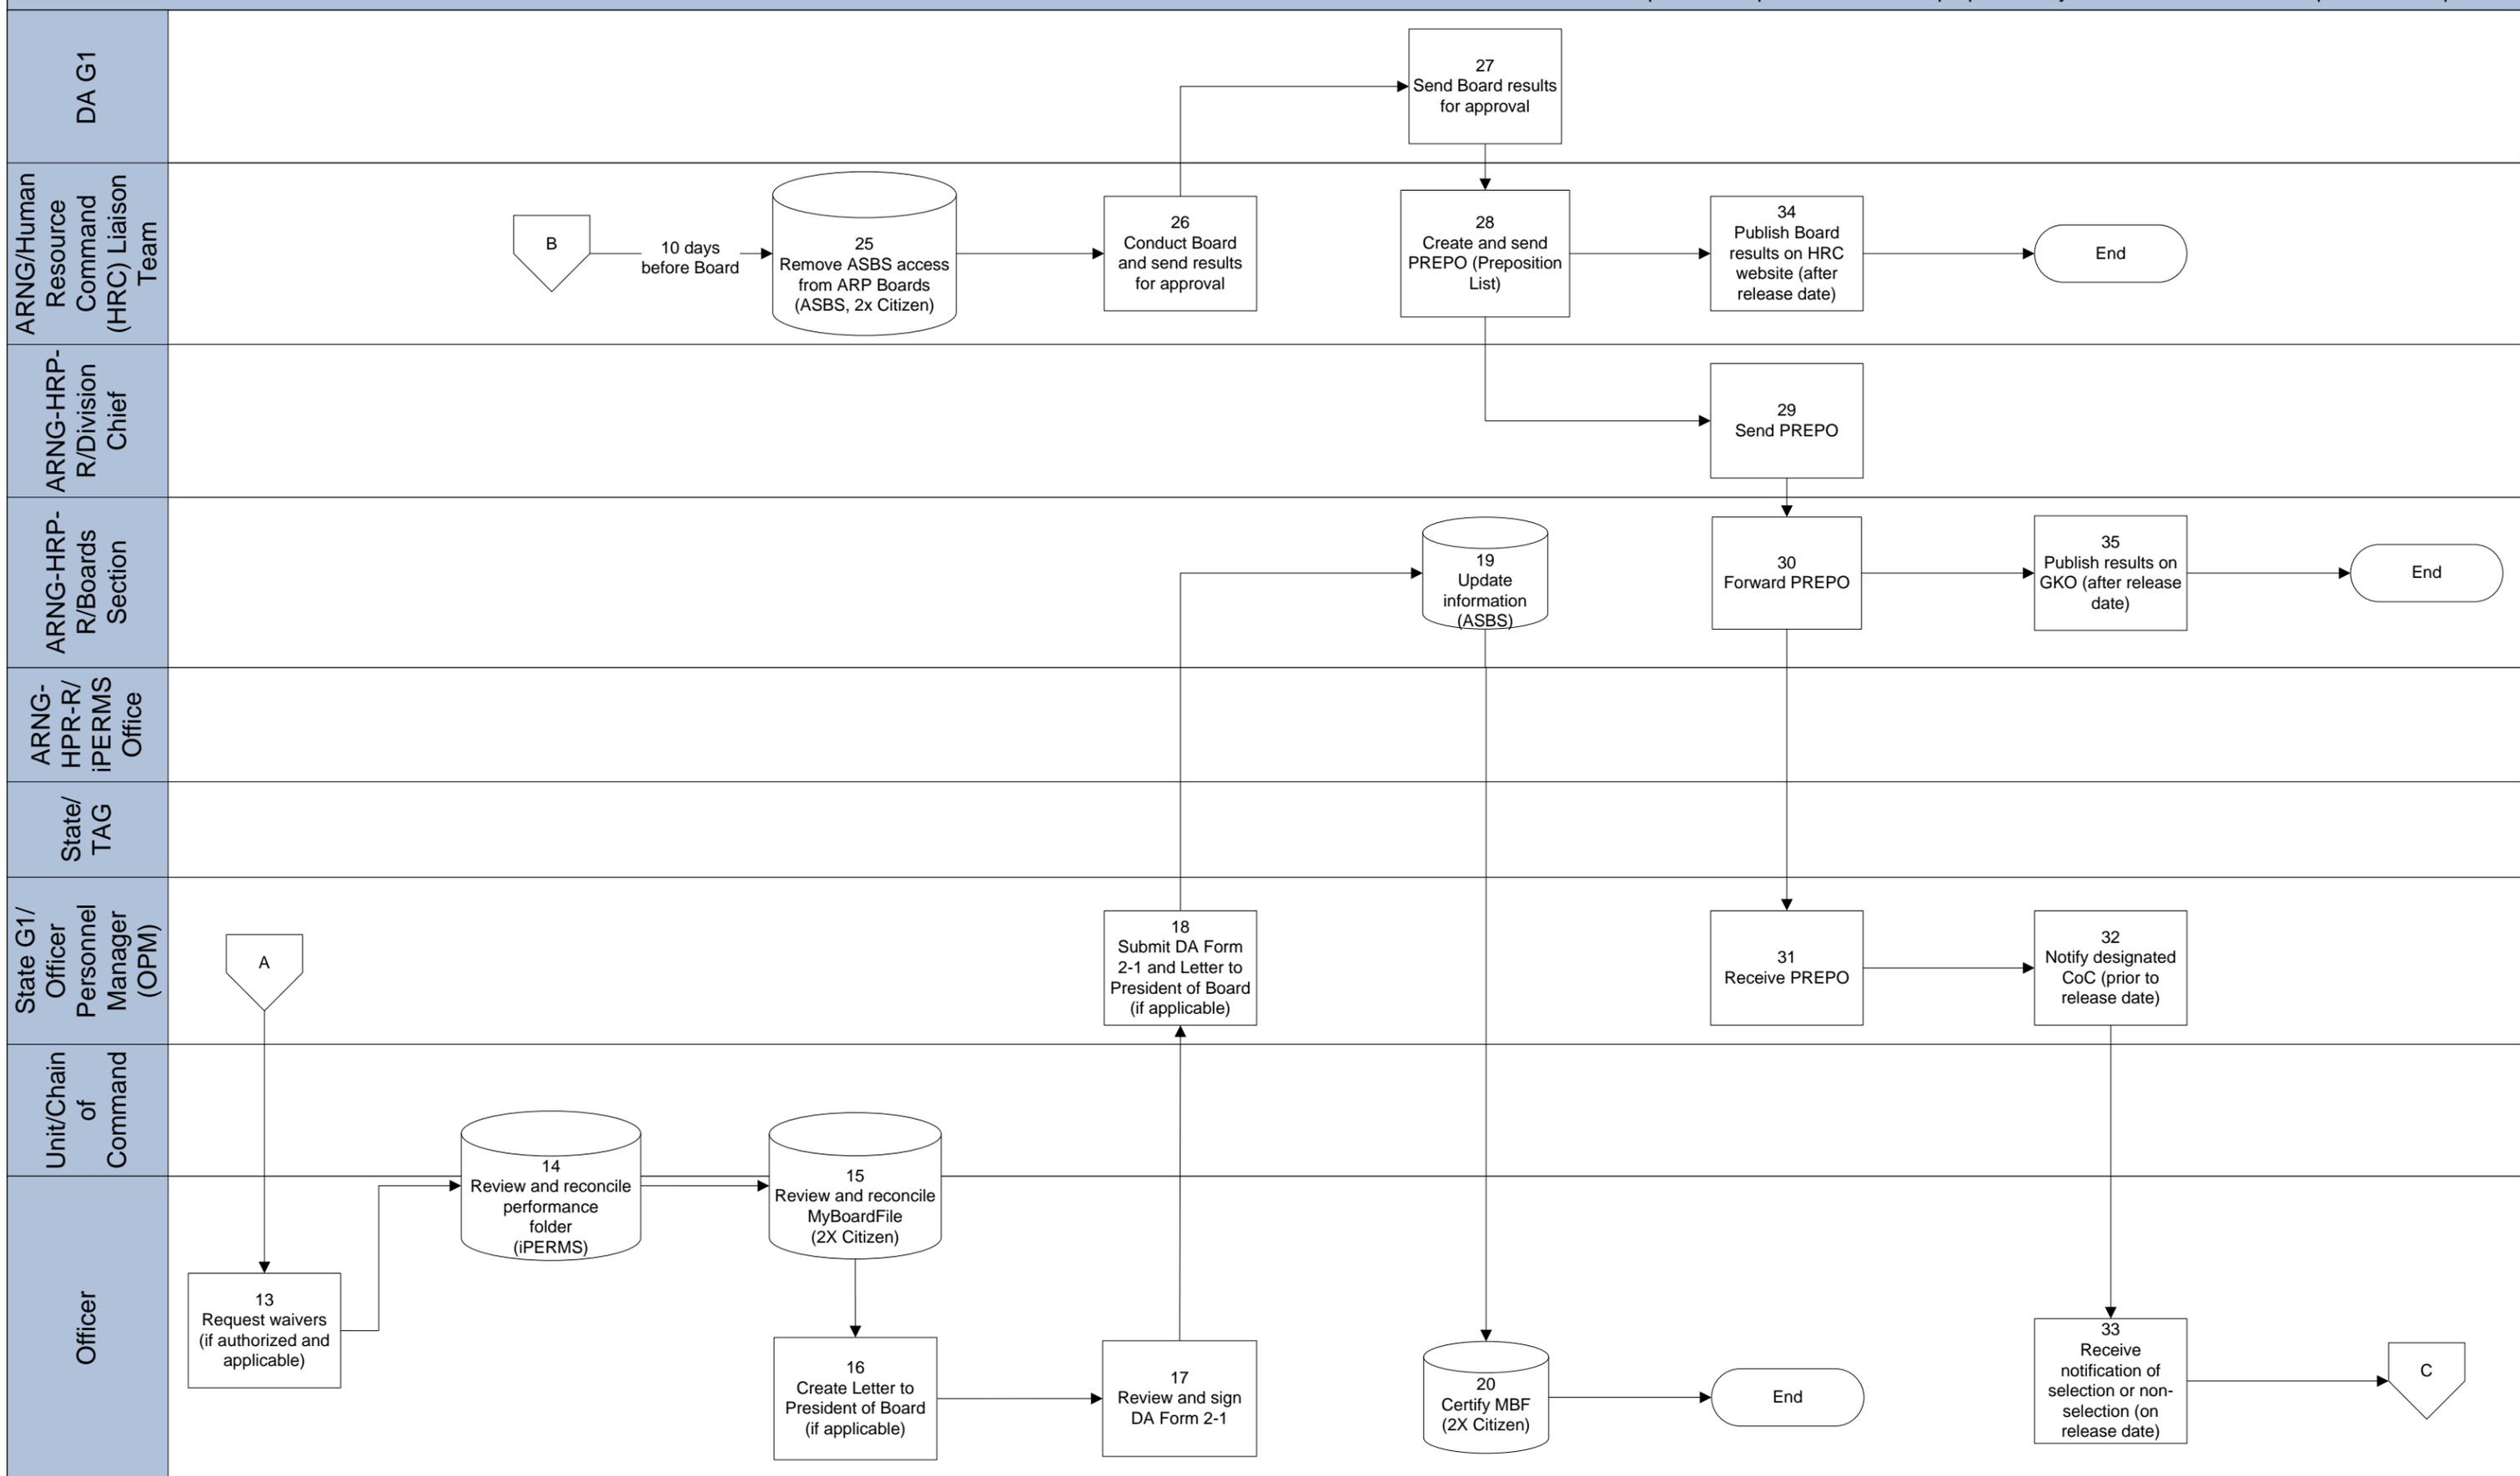

iPERMS provides centralized storage location, controlled access, and safeguarding of the Official Military Personnel File (OMPF) and includes the Soldier's DA Photo. Access is limited and controlled by the G1 of each respective State. While in a deployed environment, access is granted by ARNG-HRP-R. Soldiers can access their individual file using their AKO login and password.

[Total Army Personnel Database – Guard \(TAPDB-G\)](#)

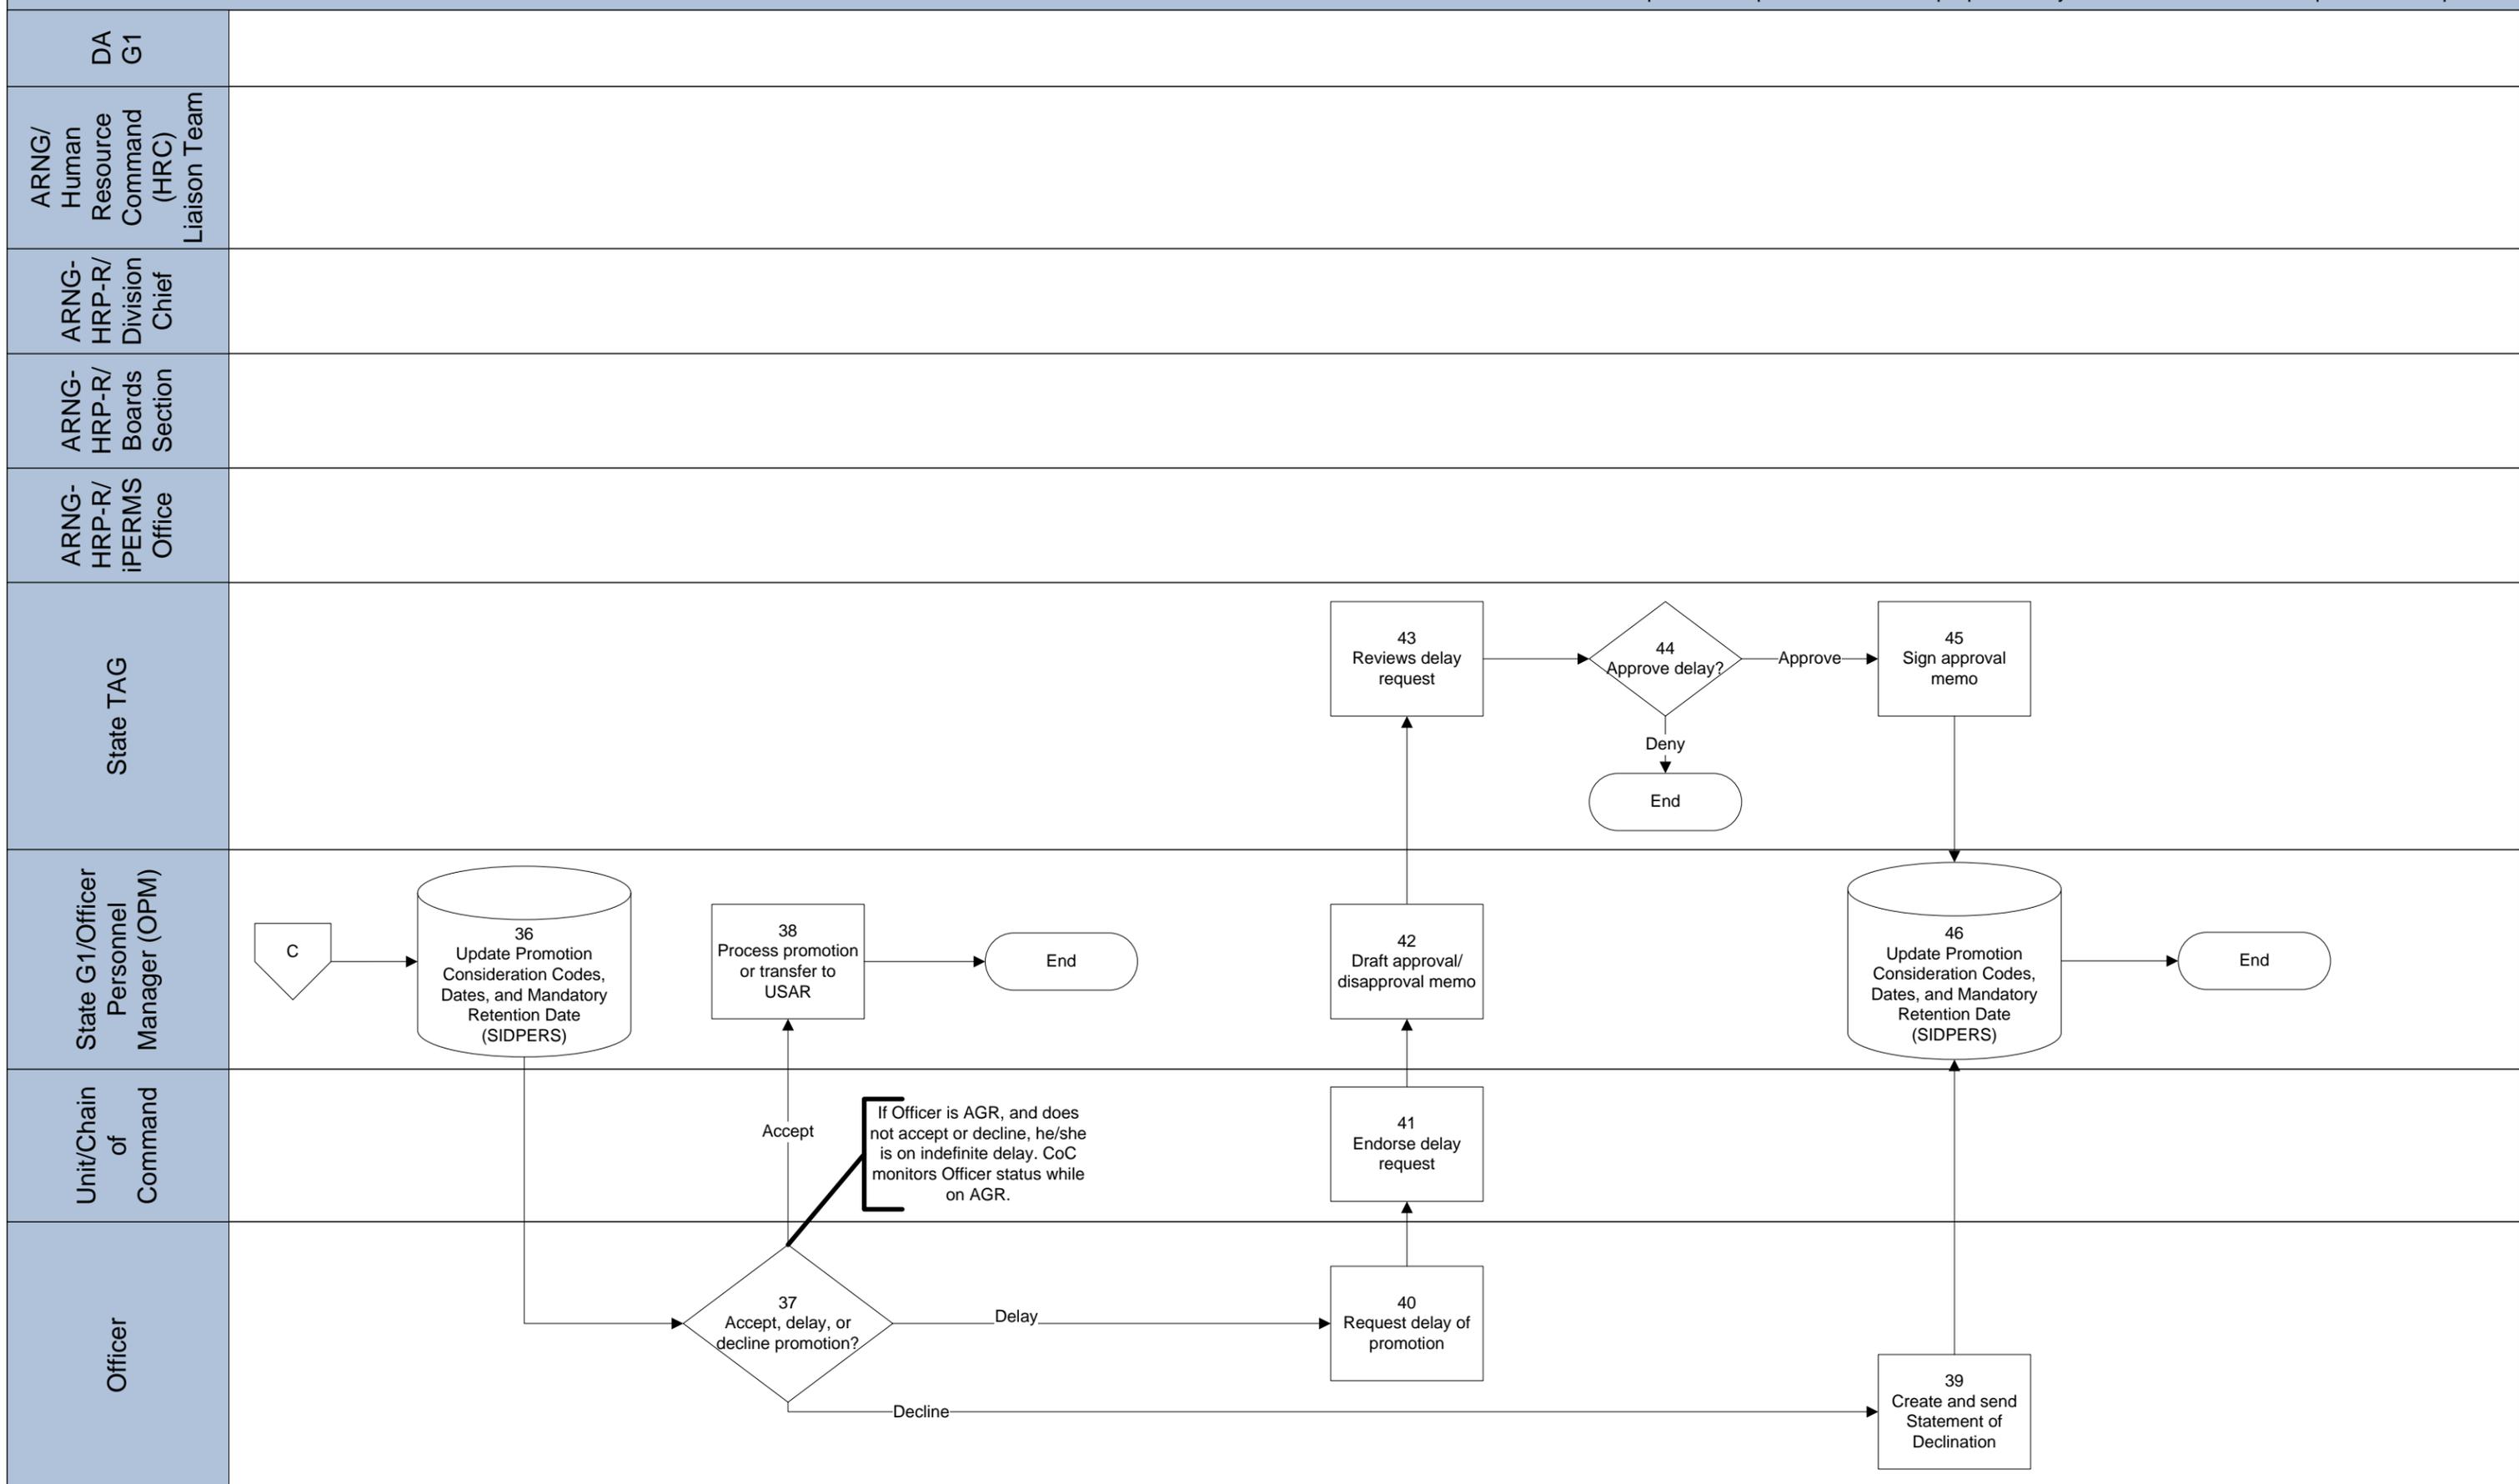

TAPDB-G is a data repository system designed to serve as an archive for personnel information for all ARNG personnel (officer and enlisted). The system is responsible for pushing information fed by Standard Installation/Division Personnel System (SIDPERS) transactions to the Integrated Total Army Personnel Database (ITAPDB).

Department of the Army (DA) Boards Process: To create and convene a Department of the Army Board

No.	Activity/Decision Point Name	Description	Regulations and Supporting Resources	Documents and Forms	Systems	Notes
1	Identify Officers to go before Board (DBS, TAPDB-G)	HRP-R Boards Section identifies the names of Officers that are due to go before the Board; this data is pulled from TAPDB-G and entered into DA Boards System (DBS). HRP-R Boards Section backwards plans all DA Boards based upon HRC DA Boards Calendar produced at the beginning of each FY.			DBS TAPDB-G	HRC DA Boards Calendar includes the zone of consideration, name of Board, and the convene/adjourn dates of the Board.
2	Create and send SSN text file	HRP-R Boards Section creates 54 text files containing names and SSNs of Officers identified as "in the zone of consideration" to go before the DA Board (1 file for each State/Territory).				
3	Send unique text file and suspense date	HRP-R iPERMS Office sends each State/Territory their unique text file along with a suspense date to scrub Officer performance folders.				
4	Scrub performance folders (iPERMS)	State OPM scrubs Officer performance folders. "Scrubbing" includes validating the appropriate promotion documents are visible (e.g., DA Photo, OER, etc.) and that there are no duplicate documents. Once complete, State OPM sends notification email to HRP-R iPERMS Office.			iPERMS	
5	Receive notification of clean Officer performance folder	HRP-R iPERMS Office receives notification that the Officer performance folders are clean.				
6	Create and send AG 601	HRP-R Boards Section creates and emails the AG 601 to State OPM.				

No.	Activity/Decision Point Name	Description	Regulations and Supporting Resources	Documents and Forms	Systems	Notes
7	Validate AG 601	State OPM validates AG 601 against State Orders generated by Federal Recognition actions (e.g., promotions, retirements, etc.) and requests to add or delete Officer names.				This happens four times throughout the process.
8	Update DA Boards System (DBS)	HRP-R Boards Section updates DBS with the requested information (additional or deleted Officers) from State OPM.			DBS	
9	Create and send flat/data file	HRP-R Boards Section creates a flat/data file containing names Officers within the "zone of consideration" and Jr/Sr list. HRP-R Boards Section sends to HRC.				The Jr/Sr list contains two names: the most senior and junior Officers within the zone of consideration.
10	Publish Military Personnel (MILPER) message	HRC publishes the MILPER message to HRC website and sends to HRP-R Boards Section. MILPER message contains several pages of instruction, the zone of consideration, and Jr/Sr list. It is published approximately 120 days prior to the Board.				
11	Create the Board (ASBS)	HRC creates the Board in ASBS using flat file and pulls information from iPERMS and Department of the Army Photograph Management Information System (DAPMIS).			ASBS DAPMIS iPERMS	
12	Forward MILPER message	HRP-R Boards Section forwards MILPER message to State OPM and Officers in zone of consideration via email.				State OPM forwards MILPER message and additional instructions to Officer's CoC and/or Officers in zone of consideration. Process varies by State.

No.	Activity/Decision Point Name	Description	Regulations and Supporting Resources	Documents and Forms	Systems	Notes
13	Request waivers (if authorized and applicable)	If applicable, Officer requests waiver through Unit/Chain of Command (CoC) per guidance outlined in MILPER message. Waiver request is validated by State TAG and submitted through channels (e.g. Chief of NGB, HRH) to HRC for ultimate approval authority.				Officer may request waiver if he/she is not qualified for DA Board, but believes credentials are strong.
14	Review and reconcile performance folder (iPERMS)	Officer reviews their performance folder in iPERMS. If Officer determines that information is missing or incorrect, he/she notifies CoC or State/Unit representative of issue so that it can be addressed.			iPERMS	
15	Review and reconcile MyBoardFile (2X Citizen)	Officer reviews their MyBoardFile (MBF) in 2X Citizen. If Officer determines that information is missing or incorrect, he/she notifies CoC or State/Unit representative of issue so that it can be addressed.			2x Citizen	HRC removes the Officer's access to 2X Citizen 10 days before the Board convenes. MBF is presented to Board.
16	Create Letter to President of Board (if applicable)	If applicable, Officer creates Letter to President of Board per standards outlined in MILPER message. Officer submits Letter through State OPM to HRP-R Boards Section.				This is an optional step.
17	Review and sign DA Form 2-1	Officer reviews and signs DA Form 2-1 in accordance with the MILPER message		DA Form 2-1		
18	Submit DA Form 2-1 and Letter to President of Board (if applicable)	State OPM sends DA Form 2-1 to HRP-R Boards Section via email and Letter to President of the Board (if applicable).				
19	Update information (ASBS)	HRP-R Boards Section receives DA Form 2-1 and Letter to President and uploads to MBF via ASBS.			ASBS	Any updates made will be identified in iPERMS data pulls.
20	Certify MBF (2X Citizen)	When Officer determines that the information is correct, he/she certifies MBF on 2X Citizen. No further Officer action is required.			2X Citizen	

No.	Activity/Decision Point Name	Description	Regulations and Supporting Resources	Documents and Forms	Systems	Notes
21	Scrub Officer Board files and update DBS (ASBS, DBS)	HRP-R Boards Section scrubs the Officer Board files in ASBS for educational qualification documents, duplicate documents, and unauthorized documents and subsequently updates DBS.			ASBS DBS	
22	Able to access ASBS?	Depending on how many days are left before the Board convenes, HRP-R Boards Section can continue to access ASBS. At the 10 day mark, their access is shutoff by HRC. If more than 10 days remain, weekly pulls occur to keep data updated.			ASBS	
23	Conduct weekly pulls (iPERMS)	Up until 10 days before the Board, HRP-R Boards Section conducts weekly pulls from iPERMS for any updated information.			iPERMS	The week prior to the Board, HRC conducts daily pulls.
24	Send AG 601 to States/Territories	HRP-R Boards Section updates the AG 601 based on weekly pull and sends updated AG 601 to all 54 States/Territories.				
25	Remove ASBS access from HRP-R Boards (ASBS, 2x Citizen)	HRC removes ASBS access from HRP-R Boards Section for the relevant Board 10 days prior to the convening of the Board. HRC continues to pull data daily to ensure most accurate and current documents are in file. HRC also removes Officer's access to MBF in 2x Citizen 10 days prior to DA Board convening.			2x Citizen ASBS	
26	Conduct Board and send results for approval	HRC convenes and conducts the Board and emails Board results to DA G1 for approval.	Officer Selection Board Policy Branch SOP			
27	Send Board results for approval	DA G1 emails Board results to appropriate agencies (12) in Pentagon for approval.	Officer Selection Board Policy Branch SOP			All COL Boards must be Senate confirmed.

No.	Activity/Decision Point Name	Description	Regulations and Supporting Resources	Documents and Forms	Systems	Notes
28	Create and send PREPO (Preposition List)	HRC receives the Board results from DA G1 and creates/emails the PREPO to HRP Division Chief and Deputy. This email states when select/non-select Soldier and general public notification can occur.				
29	Send PREPO	HRP Division Chief receives the PREPO from HRC and sends to HRP-R Boards Section and MILPOs.				
30	Forward PREPO	HRP-R Boards Section forwards the PREPO to State OPMs and HRP-R Boards Section GKO Webmaster to load Board results to HRP-R DA Boards web page.				
31	Receive PREPO	State OPM receives the PREPO and utilizes as a management tool to promote Officers and field questions. State OPM develops and sends letter to notify Officers of selection or non-selection. The letter will include information on next steps and options.				
32	Notify designated CoC (prior to release date)	State OPM notifies designated CoC of Board results.				
33	Receive notification of selection or non-selection (after release date)	Officer receives notification of selection or non-selection after the release date.				
34	Publish Board results on HRC website (after release date)	HRC publishes the Board results on the HRC website after release date.	HRC website			
35	Publish results on GKO (after release date)	HRP-R Board Section GKO Webmaster publishes Boards results to GKO after release date.
