[Army Training Requirements and Resource System \(ATRRS\)](#)

ATRRS is the Department of the Army Management Information System of record for managing student input to training. The online system integrates manpower requirements for individual training with the process by which the training base is resourced and training programs are executed. This automation support tool establishes training requirements, determines training programs, manages class schedules, allocates class quotas, makes seat reservations, and records student attendance. ATRRS supports the Training Requirements Division of the Office of the Army G1 in its Army wide mission of integrating all phases of input to training management, during peacetime and mobilization. The system supports the planning, programming, budgeting, and program execution phases of the training process and it utilized by agencies responsible for those phases.

Federal Recognition (Fed Rec) Management System

The Federal Recognition Management System provides status and progress against all actions involved with officer promotions, branch transfers, name changes, interstate transfers, reserve transfers and withdrawal of Fed Rec requests. This information is used by commanders, Soldiers, and HR Professionals to determine eligibility and qualification for HR processes such as promotions. Fed Rec orders are processed based on State requests. The Fed Rec section at NGB serves as the ARNG POC and subject matter expert for inquires pertaining to Federal Recognition matters.

[Standard Installation / Division Personnel System \(SIDPERS\)](#)

SIDPERS is a multi-command personnel management information system. SIDPERS supports the areas of strength accounting, personnel management, information retrieval, and external interfaces.
