Education and Incentives Operations Message (EIOM 08-22)

Date: 12 February 2008

TO: All ARNG Education and Incentives Personnel of All States, Puerto Rico, The Virgin Islands, Guam and the District of Columbia and other support agencies

SUBJECT: Instruction for State Education Staff to access and understand their Soldiers' records at the Education Support Center (ESC).

1. Attached is a power point presentation guiding Education Support Officers (ESO) to understand the view of a Soldier's Degree plan application status with the Education Support Center through iMARC. ESO's can better assist their soldiers if they have a fundamental understanding of the ESC Education Planning and Counseling Process.

2. This Power Point presentation provides an interactive overview of the new feature in iMARC allowing visibility of Education Support Center activity for a given Soldier. The slides begin with the iMARC Soldier Information Page where the degree planning link resides under the TA tab. This link references the iMARC Search page of the ESC's Tracking System.

3. Point of contact for this message is James Roebuck, 501-212-4945, james.roebuck@us.army.mil.
