MEMORANDUM FOR THE ADJUTANTS GENERAL OF ALL STATES, PUERTO RICO,
THE VIRGIN ISLANDS, GUAM AND THE DISTRICT OF
COLUMBIA

SUBJECT: (All States Log Number P95-0086) Basic Life Support
(BLS) Training in the Army National Guard (ARNG)

1. Purpose: This instruction supports the continued requirement of BLS Training in the ARNG.
2. References:
 - a. DODI 6010.2, 19 June 1991, Basic Life Support Training, (Encl)
 - b. Memorandum, NGB-ARP-HN, 12 July 1993, subject: Basic Life Support Training in the Army National Guard (ARNG)
3. Requirement: The ARNG health care personnel, including those assigned to non-medical units, who provide diagnostic or therapeutic patient care are required to be BLS trained (certified) and recertified at two year intervals.
4. Certification:
 - a. The BLS certification can be achieved by complying with either American Heart Association or American Red Cross standards.
 - b. Specifically, training and certification applies to all health care providers and all support personnel, who have contact or potential contact with the patient population, at medical and dental treatment facilities or wartime military operations.
 - c. Current certification in advanced cardiac life support fulfills the BLS requirement.
5. Responsibilities: The State Surgeon and State Chief Nurse, or designee will ensure required BLS training is available, that all soldiers requiring BLS training are certified/recertified in a timely manner and the appropriate entries are made in each soldier's DA Form 2-1, block 11.

³American Heart Association National Center, 7320 Greenville Avenue, Dallas, Texas 75231

⁴American Red Cross National Headquarters, 17th and D Sts. NW, Washington, DC 20006

2. DoD Healthcare Personnel. Military (Active Duty and Selected Reserve Components), or civilian (Civil Service, foreign national hire, partners and contract) healthcare personnel assigned to, or subject to being assigned to provide direct patient care, either diagnostically or therapeutically in the military MTFs and DTFs.

D. POLICY

It is DoD policy that all DoD healthcare personnel shall be trained in BLS and registered for BLS training program completion. That training shall be completed and tested minimally at 2 year intervals. Successful completion of such training shall be registered in the MTFs and the DTFs. Those individuals who are registered as having completed BLS training shall be required to maintain current registration of completion of that training.

E. RESPONSIBILITIES

1. The Assistant Secretary of Defense (Health Affairs) shall monitor the implementation of this Instruction.

2. The Secretaries of the Military Departments shall ensure compliance with this Instruction and recommend changes or improvements in the BLS training program to the Assistant Secretary of Defense (Health Affairs).

3. The Surgeons General of the Military Departments shall ensure compliance with this Instruction in their respective medical departments.

F. PROCEDURES

Each commander of a MTF and a DTF shall:

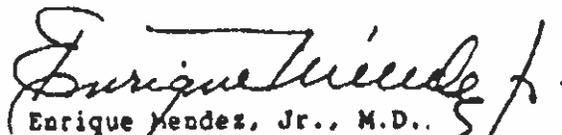

1. Have one designated individual responsible for maintaining and coordinating the BLS training program, who shall maintain a list of individuals who are currently trained and registered in the BLS training program.

2. Provide sufficient opportunities for DoD healthcare personnel to maintain current registration.

3. Maintain the instructor's rating in BLS from the American Heart Association or the American Red Cross.

G. EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective immediately. Forward one copy of implementing documents to the Assistant Secretary of Defense (Health Affairs) within 120 days.
