MEMORANDUM FOR

MILPO's of All States, Puerto Rico, Guam, US Virgin Islands, and Commanding
General of the District of Columbia
SIB Chiefs of All State, Puerto Rico, Guam, US Virgin Islands, and Commanding
General of the District of Columbia

SUBJECT: SIDPERS Local Data Personnel Army (LDPA) Field

1. Reference National Guard Pamphlet (AR) 25-10.
2. This memorandum is to request States use the SIDPERS LDPA field as directed by National Guard Pamphlet (AR) 25-10. In addition to all previous established values, we added interim values to report Soldiers who are undergoing the Military Occupational Specialty (MOS) Administrative Retention Review (MAR2). The correct values will be added to the Position Number Excess Individual Code (POSN_NBR_EXCESS_IND) table as soon as possible. HRP-S, in concert with IMS-E, will develop a script to move the LDPA values to the POSNO table once it has been updated. States will then discontinue use of the interim LDPA values.
3. The LDPA field is only used to enter information directed from NGB. This data is held in positions 26 through 30 and States/Territories must ensure that no local data is placed in these positions. NGB will continue to update these values as needed.
4. The points of contact are CW2 Ivette Orozco at (703) 607-7189, DSN 327-7189, ivette.orozco@us.army.mil or CW5 Bert Myers at (703) 607-7107, DSN 327-7107, bert.myers@us.army.mil.

Atch.
