Summary

The Job Connection Education Program (JCEP) connects the unemployed and underemployed Guard Family to education and employment opportunities to gain long-term employment and build careers.

JCEP professionals assist Soldiers and their spouses through one-on-one career counseling, resume building, application assistance, mock interviewing, relevant workforce training, online job search training, and much more. Additionally, JCEP's Business Advisor personally assists participants with education or employment connections by partnering with local businesses, State and Federal agencies and education institutions.

JCEP combats unemployment and underemployment rates among National Guard Families that continue to increase at a greater rate than the civilian population. JCEP develops a well-rounded Guard Family by improving their abilities to research, obtain, and retain civilian employment through education and job connections, while simultaneously increasing the Army National Guard force readiness and stability.

Frequently Asked Questions

Q. Where is JCEP available?

A. JCEP is available to Soldiers and Families in Texas at two site locations, Sandage Armory in Fort Worth and Westheimer Armory in Houston. The goal is to expand

JCEP to all 54 States and Territories, increasing the Army National Guard's force resiliency, readiness, and stability.
