Summary

The eBenefits portal is a one-stop shop for benefits-related online tools and information. The portal is designed for Wounded Warriors, Veterans, Service members, their Families, and those who care for them.

eBenefits provides two main services. It's a catalog of links to information on other websites about military and Veteran benefits. And it provides a personalized workspace called My eBenefits which gives quick access to all the online tools now integrated into eBenefits - tools that let you do things like apply for benefits, download forms, and see your benefits status online.

Service members, Veterans, and Family members can register for eBenefits, which affords access to the secure features in My eBenefits and allows the portal to be personalized to the user's needs. You must be enrolled in the Defense Enrollment Eligibility Reporting System (DEERS) to create an account.
